Transport companies, bus companies, taxis, containers, etc.

## LIFE CLEAN

- **Surface disinfectant**
- **Ready to use**
- **2 minute contact time**

LifeClean Disinfectant is a pre-mixed disinfectant that is resistant to bacteria, viruses, fungi, spores, biofilms and parasites. LifeClean is chlorine dioxide based and is an environmentally friendly alternative that does not develop resistance. LifeClean is durable for 9 months from the date of production and 4 weeks after opening the bottle. LifeClean Disinfectant has a short contact time and does not need to be re-dried.

Can be used to disinfect for example:

- Cab
- Steering wheel, gear lever
- Door handle
- dashboard
- seats
- surfaces
- Load compartment
- handle
- ATMs, touchscreens
- Food transport

Norovirus | Calicivirus | Coronavirus | MRSA | Fungi/mold
